We carry a large selection of suckers, grippers, and other press parts for letterpress and offset equipment. Please call for quantity pricing on most suckers. The Klieverik Flow Line Calendar Press features precision guiding for a long belt and lack of lateral movement to paper or fabric making it possible to print with the highest degree of edge sharpness. We are no longer accepting Listings as we are retiring and shutting down the site. Thanks for years of support. \* Named one of the "12 Outstanding WEB Addresses "and to archives Badge of Office. H.
