

Download Monday, Monday, I Like Monday

"Monday, Monday" is a 1966 song written by John Phillips and recorded by the Mamas & the Papas using background instruments played by members of The Wrecking Crew for their 1966 album *If You Can Believe Your Eyes and Ears*. For me Last Monday is the one that has just gone by. Use the past simple tense when talking about finished time, i.e. I sent the parcel last Monday. Understand the fundamental differences between Monday (disruptive) and Trello. Trello is based on the KANBAN way of doing things. KANBAN doesn't help you PLAN. KANBAN is not a strategic tool, it's a tactical tool. A list of tasks is a short term thing and it keeps you focused on what's urgent. There is ambiguity in both phrases. The first is only due to loose usage, the second is due to lack of explicit reference. "Next Monday," in the strictest interpretation, means whatever Monday will happen closest in the future, excluding the one you currently occupy if it happens to be Monday.
