The historical and geographical dimensions of Nabokov's work remain relatively understudied for reasons having to do with a certain tradition of critical interpretation and reception. Criteria for classification: The Oxford English Dictionary defines a dictionary as a "book dealing with the individual words of a language (or certain specified class of them) so as to set forth their orthography, pronunciation, signification and use, their synonyms, derivation and history, or at least some of these facts, for convenience of ... Terminology is the study of terms and their use. Terms are words and compound words or multi-word expressions that in specific contexts are given specific meanings—these may deviate from the meanings the same words have in other contexts and in everyday language. The paper describes the main challenges faced and the solutions adopted in the frame of the project DASI – Digital archive for the study of pre-Islamic Arabian inscriptions. In particular, it discusses the methodological and technological issues that
