The first-generation Ford Mustang was manufactured by Ford from March 1964 until 1973. The introduction of the Mustang created a new class of automobile known as the pony car. Improving your Mustang's gas mileage is a dilemma that many enthusiasts struggle with when thinking about their muscle cars; they want to put their high-powered engines to the test, but they don't want to make routine trips to the gas station every time they put the pedal to the floor. Buy Your Mustang Paxton Supercharger Kit Polished with Passenger Side Mount 260/289/302 1965-1968/351W 1969/5.0L 1985 from CJ Pony Parts, one of the industry leaders for Mustang Parts and Accessories. Order Today! The dashpot is easily replaced, just screws in top a bracket and locked with a nut for the clearance adjustment. If it is the Ford 4100 with the original choke, lubing the fast idle linkage as I stated before will be a start.
