

Download The Classic Maya Cambridge World Archaeology

In archaeology, the classic Maya collapse is the decline of the Classic Maya civilization and the abandonment of Maya cities in the southern Maya lowlands of Mesoamerica between the 8th and 9th centuries, at the end of the Classic Maya Period. The Maya civilization (/ ˈ m a ˈ /) was a Mesoamerican civilization developed by the Maya peoples, and noted for its logosyllabic script—the most sophisticated and highly developed writing system in pre-Columbian Americas—as well as for its art, architecture, mathematics, calendar, and astronomical system. JSTOR is a digital library of academic journals, books, and primary sources. The Lost World of the Maya is Finally Emerging From the Jungle From massive fortresses to sprawling suburbs, a bold new vision of the vanished Maya civilization takes shape.
