

Download Unit 4 Chemical Equilibrium

Chemistry 12 Unit 2 Notes - Equilibrium Unit 2 Notes – Equilibrium Page 1 Chemistry 12 Unit 2- Equilibrium Notes It's important to know that many chemical reactions are reversible. Many chemical reactions are reversible, and the forward and backward reactions can occur at the same time. When the rate of the forward reaction is equal to the rate of the backward reaction, we call that a dynamic equilibrium. We will learn how equilibrium can be described by the equilibrium constant K , and how different factors than can ...Chemical thermodynamics is the study of the interrelation of heat and work with chemical reactions or with physical changes of state within the confines of the laws of thermodynamics. This site has many resources that are useful for students and teachers of Chemistry 12 in BC as well as any senior high school Grade 12 chemistry course Canada, the US, or anywhere else in the world.
